**ENTR 4000D Summer 2026**

**Semester:** Summer 2026

**Course code:** ENTR 4000D

**Course title:** Business, Innovation and Technology in Hong Kong and the Greater Bay Area

**Instructor/Speaker:** Veronique A. Lafon-Vinais, Ben Yui Bun Chan

**No. of credits:** 3

**Grading requirement:** Letter grades

**Course description:** This course aims to provide the participants with an understanding of the Hong Kong economy in both the Greater China and global contexts.

**Topics covered include:**

1. Hong Kong as one of the pillars of the Greater Bay Area (GBA): understanding the GBA in the Greater China context
2. Hong Kong as an international finance center, with focus on sustainable and green finance and asset management
3. Hong Kong as a super-value adder and connector in the field of technology and innovation and entrepreneurship
4. Hong Kong as an international center for family business and family office, and wealth creation

We will spend time in class discussing current events, such as the impact of technology changes on financial institutions. The goal is to provide the students with a sound understanding of economic, social, financial and geopolitical issues through the lens of Hong Kong,

The course comprises a mix of lectures, guest talks, and company visits in GBA.

**Course Intended Learning Outcomes:**

By the end of this course, students will be able to:

CILO1: Understand and explain the main drivers of Hong Kong's historical development

CILO2: Understand and explain the GBA and Hong Kong's role in it

CILO3: Understand and explain what is an international financial center and how Hong Kong plays this role

CILO4: Work effectively in diverse teams to deliver effective presentations
